## TOP HIGHLIGHTS

The Wellness Workshop on 28 June drew strong sign-ups, with five volunteers confirmed for setup and the registration link shared across two groups. The City Run Club finalised its new route plan after a recurring debate, and a beginners training session was scheduled for 30 June. A proposal to trial a small class fee was discussed civilly and agreed for a one-month trial. The Community Day clean-up on 5 July is now open for volunteers.

**Methodology.** Messages were collected from the WhatsApp groups/chats you selected and processed entirely on-device. System notices were removed; greetings/thanks/birthday wishes were routed to the "Greetings & Wishes" section. Cross-group duplicates were merged via local semantic embeddings (nomic-embed-text). Discussions, events and the digest were produced by a local qwen2.5:3b-instruct model; event posters were read with Tesseract OCR + a local vision model. No data left this machine and no cloud AI was used. Extracted facts come only from the messages — verify event logistics before relying on them.
